

A Call for Papers

The *CPCU eJournal* is a monthly, online publication for members of the Chartered Property Casualty Underwriters Society, www.cpcusociety.org. The predecessors of the eJournal were the printed, quarterly *CPCU Journal* and *CPCU Annals*. Published since 1949, the Journal's objectives are to: publish original, pertinent articles on subjects of interest to financial services and property and casualty insurance professionals; provide information on practical and timely issues; promote continuing education; and to heighten awareness of the CPCU designation. More than 27,000 members of the CPCU Society have access to the *CPCU eJournal*, which averages more than 500 visits per month. Article submissions are blind peer-reviewed and published articles are copyrighted by the CPCU Society.

If you have questions or would like to submit an article, please contact David C. Marlett, Editor.
